### **General**

I have done my PPL and CPL at Westline Aviation in Bloemfontein.

### **Motivation**

Flying has always been my passion. Thus, the purpose of this CV is for any work as a helicopter pilot. I am willing to work anywhere and for long hours. Anything from game capturing to flying to and from oil rigs.

I grew up on Highlands Safari Lodge, a Game farm in the Free State at the Lesotho border.

I am therefore familiar with the identification of game as well as hunting and I have the required skills and knowledge for Game capturing.
